Class Descriptions (for a full listing of all class descriptions please visit our website www.quincymca.net)

FREE Classes

BarreFIT - A total body workout designed around the ballet bar that lifts your seat, tones your thighs, abs and arms.

Cardio Dance Fusion - an addictive fusion of dance styles that puts the emphasis on having fun as much as breaking a sweat. Come meet new friends, enjoy the sensation of dance and leave feeling re-energized! This class will use choreography, across the floor combinations, barre work and mat work to give you the ultimate fun that only dance can deliver.

Dirty 30 - your early morning wake-up call! It is never the same class twice, but always offers a full-body workout and variations to guarantee everyone gets a workout. This 30 minute class is structured around a HIIT or Tabata concept with 30 or 50 second full-on rounds and 10 seconds of rest hitting muscles, cardio, or combination of both

Fit Beginnings - a low-impact aerobic workout that incorporates balance, strength and cardio into a workout geared towards deconditioned individuals and older adults.

Intro to Weights - overcome any barrier you may have about lifting weights and working out in our Wellness Center and Free Weight Room areas. Your instructor/trainer will teach you correct use of equipment and form while helping you improve your overall strength. Workouts are designed to build muscular strength and endurance while giving you a total body workout. Lead by Personal Trainer Maggie Bowles.

Muscle Tone & Trim - Muscular strength and endurance exercises for total body conditioning, great for all levels. Hand weights, body bars, bands, and balls are used for this workout.

Pilates- a body conditioning method based on the fusion of body and mind which results in improved posture, flexibility, strength and the transformation of the way a person's body feels, looks and performs. Pilates is different from other forms of exercise as it focuses on multiple muscle groups at the same time. We will focus on: Alignment, Breath, Concentration on Core strength, Control and Stability.

PiYo - combines the muscle-sculpting, core-firming benefits of Pilates with the strength and flexibility advantages of yoga. Crank up the speed to deliver a true fat-burning, low-impact workout that leaves your body looking long, lean, and incredibly defined.
