

TELL A FRIEND: SHARE THE Y

Do you enjoy the Y? Then why not invite friends or family members to join? You'll feel good that you have motivated them to begin a healthier lifestyle and you'll both receive a free month of Y membership!

Here's how it works:

1. As a current Y member, you invite a friend to join by giving him or her a referral form.
2. Your friend brings the referral form when he or she joins.
3. If your friend joins, both of you receives a free month of membership! (See full rules below.)

At the Y, you're a member of something special: the nation's leading nonprofit dedicated to youth development, healthy living and social responsibility. We appreciate your continued support of the YMCA.

Promotion Rules and Eligibility:

New Members:

- New memberships must be full membership types only. Adding members onto a current membership is not eligible for this promotion.
- New memberships are defined by the following types: Active Older Adult, Adult, Family, Military Adult, Military Family, Single Parent Family, Teen, Young Adult and Youth. Memberships are counted by household units, not by the number of people in a household.
- The new member will be responsible for paying the joining fee (where applicable) and prorated amount (amount remaining until first draft) at the time of sign-up. The free month will be applied at the first draft.
- The new member must remain a member at least three months. Members who do not retain their membership for three months will be charged for their free month upon their cancellation.
- If the new member is a former member of the Y, he or she must have cancelled the membership a minimum of 90 days ago.
- The new member must notify the Y Service Desk of the referral at the time of joining. This offer is not retroactive if a referred member joined and did not present the referral form at the time of joining.
- New members that sign up through the work place and pay by payroll deduct do not qualify for this program.
- If a new member joins during a Y membership promotion time, the current member will receive a free month for the referral and the new member will receive the benefit offered during the promotion. The new member will not also receive a free month.
- The member's free month will be applied to the following month's dues. For example, if a member refers a friend in June the member will receive their free month in July.

Current (Referring) Members:

- Current Y members receive one free month for each new referred membership unit sold unless the current member signed up during a promotional sale and has already received a month free.
- A member can refer up to six new memberships for a total of up to six free months per 12-month period. If you are a new member who joined because of a referral, you can invite up to five more new members for a total of six free months per 12-month period.
- If a referring member currently pays no monthly dues out-of-pocket or pays for membership through payroll deduction at his or her employer, he or she is eligible to receive a \$20 system credit towards Y programs.
- The free month of membership applies to the amount the current or new member pays out-of-pocket. For example, if a current member receives scholarship from the Y, he or she receives a free month for the amount he pays out-of-pocket.
- If the new member is waiting to be approved for scholarship, the current member does not receive a free month (or a \$20 system credit) until the person activates their scholarship membership.
- Current members who paid a year up-front and refer someone will receive the credit amount towards his or her next membership renewal.

Additional Notes:

- The free month of membership applies to the amount the current or new member pays out-of-pocket. For example, if a current member receives scholarship from the Y, he or she receives a free month for the amount he pays out-of-pocket.
- The Y will issue no cash back for this promotion. If the member terminates their membership or loses membership privileges before receiving their free month(s), they will lose those free months.
- The Y reserves the right to deny a free month(s) if the referral program appears to be abused by either the new or current member. The spirit of the program is to reward true referrals.
- Rules are subject to change. Current rules will be posted on www.quincymca.net
